
RFP - WTIA Advanced Technology Cluster Artificial Intelligence in Washington State Landscape Report: Question(s) and Answer(s)

Question #1-3:

Received: March 22, 2024

Responded: March 25, 2024

Question #1:

"Timeline on page #3 suggests proposals due March 29 by 4:00 pm PDT, while submission instructions on page #4 states that proposals are due no later than 4:00 pm PDT, March 22."

Response #1

- Proposals are due March 29 by 4:00pm PDT.

Question #2:

"On page #2 includes Information gathered from expert interviews – The ask is only to share verbatims or quotes from Key opinion leaders that have been published publicly. We need not to conduct expert consultations (primary research). The approach would be a combination of patent and market research to fulfill the requirement of scope of work."

Response #2

- How you intend to meet the scope of work is for you to set forth in your proposal. WTIA will help schedule some expert interviews as part of the report creation process.

Question #3:

"On page #2 includes Information on investors outside of WA investing into the state – Only investors specifically mentioning their interest in WA will be included, and the ones that generically disclose their investments in USA will be excluded."

Response #3

- How you intend to meet the scope of work is for you to set forth in your proposal.
